***Bill won the 50/50 - \$35

It turned out to be a good thing that our little car was in the shop and we were given a 4WD Jeep as a loaner. This enabled us to get to the bowling center, despite the flash flood that occurred Sunday morning in Oak Lawn. Along with the tornados that hit the south side the evening before, it didn't look good for us to hit our crucial goal for the day. Fortunately, 27 members braced the weather, and more importantly, 15 of them bowled twice putting us 2 entries past the finish line. In the end, Raymond Kindernay celebrated his 1 year NABI Anniversary with his 1st title, bu posting the winning 720 handicap series on the 1st squad. Raymond is a 42 y/o truck driver from Streamwood. He thanked us for running a quality tournament, and sent a special thanks to Marty for helping him with his game. We would like to thank the staff at Zone Oak Lawn, who fought water that came within a foot of the pinsetters allowing the event to start & finish on time, as well as all of the members that enabled us to make our goal.
